Objective of the Workshop:

In the inauguration the Dean of Faculty of Science, Dr. Vijay Joshi addressed to the participants. In his speech, he said that as per the guidelines received from the UGC, to keep up with rapid changes in the science and technology the syllabus of the science has been revised.

The main objective are as follows:

1. The revised syllabus has been designed in such a way that in a semester as more topics are covered which are essential for a student, compared to previous syllabus. This is done by merging 3 papers into 2 papers and offering the third paper as an elective.
2. The revised syllabus introduces inter disciplinary approach in the learning process. The inter-disciplinary approach offers the student to select one elective subject of his/her choice from any stream which is offered in the college.
3. The revised syllabus introduces project based learning (in the elective paper practical course).

Challenges in implementation of revised syllabus and Choice Based Credit Grade System:

The challenges before the syllabus committee is to implement this revised syllabus

- without disturbing the workload of the faculties
- with existing infrastructure of the colleges
- maintaining the continuity with F.Y.B.Sc syllabus

Sub: Narrative Report on the workshop attended (Department of Computer Science and IT)

Respected sir,

This has a reference to the workshop I attended at Guru Nanak Khalsa College of Arts, Commerce and Science, Department of Computer Science, Mumbai on May 27, 2018. The said seminar covered all the practicals of Sem. V, T.Y. B.Sc. Computer Science.

The workshop was attended by professors/ representatives of various colleges affiliated to University of Mumbai. It was conducted by the resource person from industry Mr. Rohit Gonsalvis.

The workshop started with the inauguration by Principal sir and the Head of Department Computer Science. The first half of workshop covered the first six practicals of IoT with demonstration. It was followed by the lunch and second half covered the remaining four practicals. The resource person guided us with the use of Raspberry Pie Kit and video recording of all the demonstrations will be provided on mail. The key features of the workshop were as follows:

1. The workshop will help teachers to understand and learn practical concept of "Architecting of IoT"
2. Various aspects related to every practical will be explained and demonstrated by industry expert.
3. The Resource person will guide on requirements of Architecting of IoT Kit.
4. Video of practical demonstration and document on steps of practical of will be shared.

The workshop duration was from 9:30 am (Inauguration) to 4:00 pm. All those who attended the workshop were provided with a certificate. The said workshop was very useful for the academics and provided me with an insight of the practicals to be conducted further. The certificate is enclosed with the report.

Thanking you

2. Mr. Jesus Colaco.

University of Mumbai has organized a training session on Saturday, 15th Feb 2020 at Sonopant Dandekar Arts, Commerce and Science College at Palghar on AISHE, MIS, and Students on Roll. Mr. Jesus Colaco and I have attended the workshop. The workshop was very helpful and cleared all the doubts which we faced while filling up the AISHE and Students on Roll forms for the academic year 2019-20. Mr. Deepak More from University authorities explained in detail about how to fill and where the colleges are committing mistakes. The workshop was very informative. Such kind of workshops should be arranged frequently which will be always a help for completing the university documentation of colleges properly and in time.

Thanking you

Yours faithfully

Ms. Snehal Bhadgaonkar.
